WORKSHOPS

WORKSHOPS

We can offer a range of creative plant workshops run by our green fingered experts. Whether it's at your place or ours.

We offer expert instructions and quality materials to make a unique item for each participant to take home with them.

HOW IT WORKS

Decide which workshop suits your group.

Workshops last around one to one and a half hours and include all the kit each person needs to get involved.

We recommend a minimum of 12 people but we're very happy to quote for smaller numbers. Larger groups can receive a discounted rate.

WORKSHOPS

KOKEDAMA

The Japanese art of creating a hanging plant display in a neat moss ball.

You will create a natural moss hanging display complete with a growing plant, to suspend and care for when you get home.

TERRARIUM MAKING

Build a miniature self-sustaining garden in a jar to take home.

Our plant experts will take you step by step through making your own mini biome, complete with layers of earth and stones and lots of beautiful greenery.

MOSS ART

Create a framed work of biophilic art made of preserved moss.

Working with moss and natural materials, you'll make a long lasting, maintenance-free piece of plant artwork for your space.

WREATHS

Make a seasonal wreath to adorn your door, window or interior.

You will be using fresh foliage to create a wreath for the season, be it Easter, summer, autumn or Christmas.

GARLANDS

Make a stunning seasonal garland with fresh foliage and decorations.

You will create a garland to take home to display on the wall or as a natural table centrepiece.

WHAT'S INCLUDED?

Our expert team have a wealth of knowledge to pass on. They will be ready with a kit for each person at the workshop, to make a finished item you can each take home and display.

We can offer workshops from groups of 12 up to 30 people. This can be at our workshop, just 3 minutes walk from Farringdon tube or at your premises.

HOW TO BOOK

Once you decide on the workshop most suited to your group, let us know the numbers and dates and we'll get you booked in, either at our place or yours. We'll send some information about what to expect for you to share with the group.
